About us

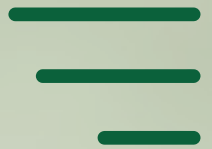

What we do

About us

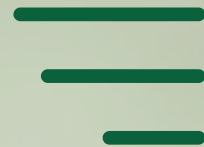

«HERNUTS» is a private company founded in Iran, where is recognized as one of the major producer of dried fruits in particular pistachio, raisin and dates in the world.

HERNUTS as a passionate team of experienced and dedicated experts who proudly carry on the tradition for innovation, mechanization, modernization, inspiration and professional excellence, was established When HERNUTS began in 1997s by MR. AMIR ASEFI, a solution provider to the customers faced with interrupted supply and inconsistent quality and serviceability due to unsustainable farming methods caused by large number of small scale farms and old fashioned trading schemes in Iran lacking local professional trading company in dried fruits sector.

About us

The trust and integrity among the founders of HERNUTS worked as a perfect foundation for a series of success stories which today we are immensely proud of due not only to experiences gained in our focused industry but also to the reputation regained for our unique corporate values: friendly and open work environment, honest and moral work conduct with all our stake holders.

HERNUTS with more than 20 years of experience in the field of trade in dried fruits, including pistachios, dates and raisins is a leader in Iran.

What we do

With 4 most advanced processing facilities located in Kerman, Khuzestan, Qazvin and Tehran, HERNUTS has access to the most recognized relative agricultural land of the country, including Kerman, Khorasan Razavi, South Khorasan, Yazd, East and West Azarbaijan, Hamedan, Hormozgan, Booshehr, Fars and Khuzestan, where PISTACHIOS, RAISIN and DATES are cleaned, sorted and packed as per customer required specifications and get ready for shipment. Each of our processing plant is supervised under restricted quality control policies to ensure a consistent quality and service to meet customer requirements.
